From:

Gary L. White, City Auditor A. Whit

Subject:

Fiscal Year 2011 Second Quarter Citizen Satisfaction Survey Results

Council Resolution 090340 directs the city auditor to prepare quarterly citizen satisfaction surveys. The second quarter results for the Fiscal Year 2011 Citizen Satisfaction Survey are attached.

The survey was mailed to a random sample of 2,000 Kansas City, Missouri, households on September 7th. Between September 14th and September 26th, telephone surveys were administered to households that did not respond to the survey by mail. A total of 1,260 households responded. Survey results for the first quarter have a 95 percent confidence level and a margin of error of up to +/- 2.76 percent. Compared to the 2000 Census for the city as a whole, the quarterly survey respondents fairly represent citizens in the gender and race categories.

Once all four quarterly surveys are completed, we will analyze citywide satisfaction with city services. We will also compare the city's annual results to prior years' results and survey results from other metropolitan area and U.S. benchmark cities.

If you have any questions, please contact me at 513-3320.
